Why you're going to **love** using **iinsight**[®]

iinsight[®] is the leading OH and rehabilitation case management solution. Organisations using it range from national practices with 100's of users, through to boutique firms of just 1 or 2 staff.

This intuitive and easy to use web-based software enables you to be up and running in no time at all and integrates everything you need to run an efficient OH & Rehabilitation practice.

Here are some of the reasons why you should start using **iinsight** today:

✓ **Become More Efficient**

Maximise efficiency through instant access to client information, comprehensive workflows and built-in reminders.

✓ **Ensures compliance**

With internal and external reporting to all parties.

✓ **Powerful Workflows**

Create multiple workflows and automatically route to appropriate individuals or groups.

✓ **Avoid Duplication**

Avoid re-entry of data, reduce user error and lower costs.

✓ **Nothing Gets Lost**

Quickly and securely store/access electronic copies of relevant file correspondence ensuring compliance with audit requirements.

✓ **Time Management & Invoicing**

Effortlessly track time which ensures simplified and accurate billing and recovery.

✓ **Get Things Done Faster**

Rich task management makes it easy to link tasks to cases, assign tasks and monitor the progress of task completion.

✓ **Access Anywhere**

Fast and secure online real time access 24 x 7.

✓ **It's Easy (REALLY Easy)**

Simple interface, well thought out modules and customisable reports make it easy to learn and use.
